## Carlson's Execution Delayed

**Monday New Date;  
Negotiations Now  
Up To Washington**

NAIROBI, Kenya (AP) — Congolese rebel leader Christophe Gbenye announced today the execution of American missionary, Dr. Paul Carlson has been postponed until Monday, Stanleyville radio reported.

A broadcast by the rebel radio said Gbenye has sent a message to Prime Minister Jomo Kenyatta to this effect, but added that in the meantime it was up to Washington to find a suitable basis for negotiating over the prisoners held in the rebel stronghold.

It added that if no satisfactory basis is found Carlson will be executed as scheduled.

Gbenye addressed his message to Kenyatta, who at the urging of the United States asked the rebel leader Tuesday to spare the life of Carlson for humanitarian reasons.

The United States also appealed directly to the Congolese rebel leaders to protect Carlson and other Americans in rebel territory and to permit their safe evacuation.

U.S. Ambassador G. McMurtre Godley directed the appeal to rebel President Christophe Gbenye's headquarters in Stanleyville, where about 60 Americans and nearly 800 Belgians are "prisoners of war."

Godley presumably sent the appeal by radio or through an intermediary. The United States does not have direct contact with the rebel capital 775 miles northeast of Leopoldville.

## Recorder Squeals On Two Teenage Thieves

EVANSVILLE, Ind. (AP) — A stolen recording device squealed on two teen-agers. Detective Sgt. Gerald Baggerly, following a tip Tuesday, went to the apartment of Jack Smith, 19, and John Wingert, 18. There he found the recorder, 10 cartons of cigarettes and some foreign coins.

Baggerly said when he flipped on the machine, it reported it had been stolen from the First Presbyterian church. The detective said the youths had recorded the confession during a party when someone asked where they got the machine.

Smith and Wingert were charged with second-degree burglary.

## With Delusions of Persecution

# Hard Year In Jail for Ruby

DALLAS, Tex. (AP) — A year behind bars has taken a heavy toll on Jack Ruby.

The once well-groomed, well-exercised night club operator now is a sloppy, befuddled man who apparently suffers from delusions of persecution.

He is confined to a blocked-off section of a hallway inside the Dallas County Jail, a stone's throw from where President Kennedy was assassinated last Nov. 22.

Ruby has been in jail since Nov. 24 when he shot Lee Harvey Oswald, the assassin of the President. Since March 14 he has been under the death sentence imposed by a jury which found him guilty of murder with malice.

Ruby's lawyers hope to win a reversal of this verdict when they argue before the Texas Court of Criminal Appeals in Austin sometime next spring.

They will contend, among other things, that local conditions made it impossible for Ruby to get a fair trial in Dallas, and that testimony from certain police officers, which tended to show malice on Ruby's part, should have been ruled inadmissible.

## Question Tour Of Air Bases By Staffers

**Justification  
Called For By  
GOP Congressmen**

WASHINGTON (AP) — Two Republican congressmen have questioned the propriety of a 19-day tour 10 congressional committee staffers are making of Air Force bases in the Pacific — at taxpayers' expense.

Some of the staffers on the Air Force-sponsored tour work for committees with little if any connection with military matters.

"This kind of operation seems to run counter to (Secretary of Defense Robert S.) McNamara's pledge to reduce spending in the Defense Department," said Rep. Frank T. Bow of Ohio.

A high-ranking member of the House Appropriations Committee, Bow said: "It will be interesting when the Defense Department's budget comes in next year to find the cost of and the reasons for a trip of this kind."

Rep. William G. Bray of Indiana, a member of the House Armed Services Committee, said he favors foreign trips by congressmen and staff members when they serve a useful purpose.

But of this trip, Bray said: "I can't see any justification for it and I think it's one of the expenses that could be cut down."

The Air Force furnished The Associated Press Tuesday with some facts about the tour and the names of those on it after Capitol Hill sources had made the trip known.

Acknowledging that it is footing the bill, the Air Force said it has not calculated the cost.

## Second Craft Returns Fire On Placement

**On Photo Mission  
As Requested By  
Laos Government**

WASHINGTON (AP) — A U.S. F100 jet fighter plane which was escorting a reconnaissance plane over Laos has been shot down. Rescue operations for the pilot are underway, Secretary of Defense Robert S. McNamara announced today.

The fighter was one of two aircraft escorting a RF101 photo reconnaissance plane in operations similar to those begun last summer at the request of the Laotian government to detect infiltration of North Vietnamese personnel and equipment into Laos.

McNamara told a news conference that the incident occurred about midnight, EST, in the "panhandle" part of Laos in the south central section.

One of the two escorting jets was hit by gunfire from the ground.

McNamara said the escort aircraft then opened fire on the installation from which the gunfire came.

Referring to the reconnaissance flights which started last May, McNamara said "these missions will continue as long as required."

Two planes had been lost previously on the reconnaissance missions.

In answer to a question, McNamara said there is some evidence that Red Vietnamese infiltration activity has increased with the advance of the dry season in Laos.

McNamara said he had no further details, including information on whether the pilot of the downed plane had been rescued, because he had received the preliminary information only a few minutes before he came to the news conference.

## Set Fire to Bring His Parents Together

MOBILE, Ala. (AP) — A 10-year-old boy told police he wanted to bring his parents back together so he set his mother's house afire.

Detective Fairlee Morgan reported Tuesday, that the boy said his father lived in Montgomery, Ala., and his mother lived in Mobile in a house belonging to relatives.

The boy was quoted as saying he thought his mother would have to go to Montgomery if the house burned.

The fire was stopped before much damage was done to the small frame house.

## Maher Not Appointed As Hearn's Advisor

JEFFERSON CITY (AP) — Gov.-elect Warren E. Hearnes' administrative aide said today a report that Philip W. Maher Jr. would be appointed the new governor's legal advisor is not true.

A report circulated in St. Louis on Tuesday night that Maher, 32, would succeed Wayne Waldo when Hearnes takes office Jan. 11.

But Floyd Warman, appointed Tuesday to be the new governor's administrative assistant, said there was no foundation to the report.

## Italy Expels 2 Diplomats In Kidnaping

**'Diplomatic Mail'  
Trunk Reveals  
Drugged Moroccan**

ROME (AP) — The Italian Foreign Ministry today ordered the immediate expulsion of two Egyptian diplomats caught trying to ship a bound, drugged prisoner to Cairo in a trunk labeled "diplomatic mail."

Rome police said they had information the victim, Moroccan-born Josef Dahan, 30, had been a spy for the United Arab Republic some years ago and more recently for Israel.

The police said Dahan was an Israeli citizen. The Israeli Embassy said it had no record of him.

Police said the "diplomatic trunk" had almost certainly been used before for human cargo.

The Foreign Ministry sent for the U.A.R. ambassador to protest and to order the expulsion of the two embassy first secretaries who tried to load the trunk aboard a U.A.R. airliner bound for Cairo.

Dahan denied that he had spied for either of the two Middle East rivals, police said. A linguist with bleached blond hair, he told police he had worked for a time as an interpreter at the U.A.R. Embassy.

The locked trunk was halted at Rome's Fiumicino Airport Tuesday night while it was being shipped as diplomatic mail. Police arrested the two first secretaries who were with it but released them because they had diplomatic immunity.

Customs officials heard faint cries of help from the trunk. When police opened it, they found an almost unconscious man strapped to an apparatus that looked like it came from a medieval torture box.

## File Change Of Venue In Ryan Case

A defense motion for a change of venue was filed Tuesday in Lafayette County Circuit Court at Lexington on behalf of A3c Cleburne Ryan, 24-year-old former Whiteman AFB airman, charged with the murder of 14-year-old Charlotte Bennett of Sedalia.

Ryan had been scheduled to go on trial in Lexington on Nov. 30 on a charge of first degree murder.

Hearing on the motion for change of venue has been set for 10 a.m. Monday, Nov. 23.

The Bennett girl resided here at 1318 East Third with her parents. Her body was found March 9 in a ditch on Route M-13 south of Lexington near the Tabo Inn. She was slain and sexually attacked after attending a Saturday night dance at the nightclub.

Ryan has been held without bond since he was charged with the Bennett girl's murder. Another airman, A3c Charles W. Horstkamp, 19, had the original date with the victim and he was charged with statutory rape.

Should Judge Phil H. Cook grant the change of venue, the trial could be switched either to a court of an adjoining county or to an adjoining judicial circuit. The possibility thus arises the trial could be switched to Pettis County.

The defense had sought to suppress as evidence an oral statement made by Ryan to law officers, but Judge Cook after hearing the motion overruled and denied suppression of the statement. This hearing was held Sept. 14 at Lexington.

Judge Cook took the motion under advisement and then handed down his overruling on Sept. 24.

# To Close 95 Bases

## \$500 Million Savings Move

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara announced today 95 more military bases will be eliminated. These include some naval shipyards.

McNamara told a news conference the bases affected by the new cutback will be announced Thursday. He declined to identify any of them at this time.

He said the cutbacks will be phased out over a period of years and will save about \$500 million a year "without degrading our military capabilities."

In addition to shipyards, McNamara said air bases, army bases and other facilities will be affected, some small and some quite large.

The latest batch of base closings comes on top of 574 previous actions to close or reduce installations considered surplus.

A study of the 11 Navy-owned shipyards has been under way for many months and there have been recurrent rumors that several will be closed.

McNamara has said in the past that some of the shipyards have not been operating at full efficiency and capacity.

The earlier moves date back to March 1961. When the old and new cuts are completed, total annual savings of more than \$1 billion a year are expected.

McNamara said the 95 to be announced Thursday are in 33 states.

A total of 63,000 job positions, both military and civilian, will be eliminated and a total of 377,000 acres — almost 600 square miles — of land will be turned back for private, state and local government use, McNamara said.

The defense secretary acknowledged that the latest actions will be regarded by some (Please turn to Page 8, Col. 8)

## City Planners Near End Of Local Meetings

The next to the last monthly meeting between representatives of the Hare & Hare municipal planning firm and city officials is scheduled for 7 p.m. tonight in the Chamber of Commerce office, 113 East Fourth, as the city planners near completion of a comprehensive program for Sedalia.

Slated for discussion tonight are refined capital improvements, subdivision controls and zoning. The capital improvements portion is expected to place emphasis on location of city fire stations and fire protection status as well as discussion regarding other city buildings.

Hare & Hare has been conducting monthly report meetings since February as work on the municipal plan progresses. One more meeting is scheduled for Dec. 16 before completion of the plan and submission to city officials on Jan. 20.

Mayor L. L. Studer and members of the City Council have been invited to the meeting tonight as well as members of the city Zoning and Planning Commission.

## 18 Americans Injured In Viet Bombing

**Hidden Bomb  
Blast Levels  
Restaurant**

SAIGON, South Viet Nam (AP) — A terrorist's bomb demolished a restaurant at the Saigon airport today, wounding 18 Americans and at least four Vietnamese.

One American Air Force officer was badly wounded. He was sitting outside the restaurant in a bus when concrete fragments smashed into it.

The other injured Americans were 11 U.S. airmen, three Army men and three civilians.

First reports indicated they were in the area of the restaurant, not in the building, and were only slightly wounded.

The explosion virtually leveled the Air Viet Nam restaurant situated a few buildings from hangars containing U.S. Air Force jets.

American and Vietnamese security men at first thought the airport was under a Communist mortar attack similar to that which killed four Americans and wounded 72 at the Bien Hoa air base two weeks ago.

A few minutes before the explosion an Australian air force plane had arrived from Singapore with flood relief supplies for central Viet Nam.

An armada of 115 U.S. helicopters was landing at the airport as the explosion took place. They had been engaged in the biggest airlift of the Vietnamese war, carrying troops into Communist territory north of Saigon.

## Shop Unions Meet With Mediators

CHICAGO (AP) — A top federal mediator met with representatives of six shop craft unions today in an effort to reach some basis for settlement of a long wage dispute and head off a nationwide railroad strike.

Some 140,000 nonoperating employees of the craft unions have set a strike for 6 a.m. local time Monday. A walkout could halt service on 187 major railroads and terminal switching companies which handle most of the country's rail traffic.

Francis A. O'Neill of the National Mediation Board met first with the shop craft unions and scheduled a meeting with management negotiators for later in the day.

DOUBLE-BARREL ANNOUNCEMENT — Defense Secretary Robert McNamara, at a Pentagon news conference today, announced plans to close 95 more military bases with the list to be made public Thursday. He also announced the shooting down of an Air Force F-100 Sabre jet in Central Laos about midnight Tuesday. (UPI Telephoto)

## Small Dog Is Victim

# Home Fire Losses Listed At \$14,000

Fire of undetermined origin caused \$14,000 damage to house and contents at 2704 Clinton Road, and a Chihuahua dog was suffocated by the intense heat and smoke about 1:55 o'clock Wednesday morning. The fire had gained considerable headway before fire companies arrived.

The fire was discovered by Dr. A. L. Lowe who was enroute to Bothwell Hospital to deliver a baby. Dr. Lowe upon arrival at the hospital told Mrs. Audrey Self, a nurse, to turn in the fire alarm. He was unable to find a place open from where he could turn in the alarm before he reached the hospital.

The west Sedalia company laid out a line of hose from a recently installed fire hydrant several hundred feet northeast of the fire running it into the large tank on the truck from which two lines of hose were laid to the fire.

The fire originated in the front portion of the house in the basement and through the flooring on an enclosed porch, spreading from there to rooms on each side and into the center of the residence. Firemen had the fire under control within a half hour, but the residence was practically gutted from the flames.

Mr. and Mrs. James E. White and their three children reside in the residence which is owned by James Heck who resides a short distance away. Mrs. White was on duty at Bothwell hospital. Mr. White and the children were staying at the home of Mr. and Mrs. Reuben Twenter, 916 South Massachusetts, caring for the Twenter children while the Twenter's are on vacation.

The dog, alone in the house, was in a rear room and unable to free itself as fire and smoke filled the home.

The East Sedalia fire truck, placed on "standby" because of the distance to the Clinton Road scene from town, was summoned to aid the West Sedalia fire crew.

He was expected to attend a meeting Thursday of the Ford-UAW national-level bargaining committees.

Ford blames the continuing UAW strike for idling half its workers and cutting its auto output to 1,000 a day. The firm normally employs 160,000 production workers in 90 plants and had been building 10,000 cars a day in recent weeks.

The UAW originally struck 13 days ago at 9 of 11 Ford plants without local-level working agreements which supplement a national contract agreed to Sept. 18.

Reuther said the issue of excessive overtime was one of the remaining stumbling blocks to settlement of the strike.

# Stalemate On Storm Sewer Issue

A considerable amount of ground work must be completed before any bond issue for storm sewers can be presented to the people of Sedalia, according to Mayor L. L. Studer, and so far lack of funds is keeping the work at a halt.

At the regular City Council meeting of Oct. 5, the council voted to take action to present a storm sewer bond issue to the people, and to have the City Engineer make preparations for the issue.

Since that time, city officials have conferred with the engineering firm Burns & McDonnell, in relation to updating the engineering report that was made in 1956 for Sedalia. Mayor Studer pointed out that the old report, actually began in 1954, is outdated to the extent it would be a useless basis for figuring the cost of a storm sewer system at this time.

When the old report was issued the city was much smaller in area, the highway system was different and many industries now in Sedalia were not here at that time. Improvements

and additions to the city necessitate updating of the old report, the mayor said.

The old report estimated it would cost the city \$4,883,000 in

1956. That figure would have to be increased, the mayor added, because of rising costs and added territory. He said the engineering firm estimated updating the report would cost some \$7,000 in engineering fees.

"The City of Sedalia at this time does not have \$7,000 to spend on updating the report," Mayor Studer said.

So, unless the city finds \$7,000 in funds not earmarked for other purposes, to be used to update the survey, progress toward a storm sewer system for Sedalia is stalemated.

# Ann Landers

## Answers Your Problems

Dear Ann Landers: Our daughter is 12 years old. I am concerned about her continuing devotion to Marilyn Monroe. My husband says I'm making too much of it but I feel the child's preoccupation with a movie star who committed suicide is unhealthy.

Aug. 5 was the second anniversary of Marilyn Monroe's death. Our daughter remembered the date and searched several newspapers for clippings and put them in her Marilyn scrap book. We live near the star's final resting place and our daughter wants to go there every day.

I've decided not to say or do anything until I get some horse sense advice from you. —WAITING TO HEAR.

Dear Waiting: Try to shift your daughter's interest. If she has modest talents—voice, dancing, painting, or piano, give her lessons. Tell her she may not visit the crypt again until next Aug. 5.

After six months, if her morbid preoccupation with Miss Monroe persists, take her to a psychiatrist.

Dear Ann Landers: My mother and father were happily married for 52 years. Mother passed away last June. Dad took it awfully hard—for about three weeks.

Now he is so busy making dates with all the widows in the neighborhood we don't know where he is half the time. Dad used to complain that his

teeth didn't fit, and that his lumbago was bothering him but since he has become a ladies' man he says he feels better than he has in years. To look at him you'd never guess he is 75 years old.

All this may sound fine, but I'm worried that the lively pace may shorten his life. He could drop dead doing the hully gully any minute. Also, is it possible that he is in his second childhood? How do we get him to slow down without hurting his feelings?—C.C.

Dear C. C.: Leave him alone. His second childhood may be a lot more fun than his first.

Better that Gramps should be whooping it up than sitting at home glued to his rocking chair. If he drops dead doing the hully gully at 75 that's not a bad way to go.

Dear Ann Landers: I'm no youngster, Ann, and I've been around enough to know the score in anybody's ball game. At 42 I've had three unsuccessful marriages and I don't need a fourth.

The man I've been seeing is 40 and has had two divorces. We get along fine. I don't ask any questions when he goes on a bender (about once every three weeks) and I'm not trying to make him over to suit me. He likes my two teen-age children and is a better father to them than their real dad ever was.

This man has had some money troubles lately and wants to move in with me until things ease up. He claims that since everyone knows we are going together I should be grown up about his moving in. Last night he said, "I'd marry you, honey, but I'd be a lousy husband."

I need an outsider's opinion and you're elected.—ADELINE.

Dear Adeline: So he'd be a lousy husband—but he'd make a great roomer?

Tell him no thanks. If you can't think of any better reason to keep this guy's clothes out of your closet. Consider your children, please.

## Dr. Hart Addresses Sorosis

Dr. James E. Hart, professor of education at the University of Missouri, Columbia, and a member of the state school board, was the speaker at Sorosis Monday afternoon at Heard Memorial Club House on the subject "Your Schools and Mine," and told the group he was going to talk on what he believed in regards to education.

"I believe," he said, "education is a state function, a federal interest and a local responsibility." According to the constitution education is not delegated to the federal government, it is well recognized as a state function.

We are afraid, Dr. Hart said, of centralized control, for one of the first things that happens in a dictatorship is the taking over of the public schools. It happened in Nazi Germany, in Soviet Russia, and in all dictator countries—the schools were taken over that the young minds might be trained in the pattern they wanted.

Dr. Hart was introduced by Mrs. Mary Studer, history and literature chairman.

The meeting was presided over by Mrs. Joseph Maunders, president.

Mrs. C. W. Mathieson, art and drama chairman, announced that the next meeting will be Dec. 7, and the speaker William E. Parrish, professor of history, Westminster College, Fulton, who will talk on "Civil War Comes to Missouri."

## Office Thief Shows Himself To Be a Pitiful Amateur

By HAL BOYLE  
NEW YORK (AP) — Office thievery is a growing problem today.

Big industries steal their big and small secrets from each other. Spies in business may make more money than spies in government. But most office thieves merely are novelty larcenists — junk takers.

My desk has been invaded by them too often, and I feel they are an ordeal and an unnecessary nuisance.

Most people keep immaculately clean desks. They live as if, when they quit their desks on any day, they had no reason to come back to them tomorrow. If they died overnight, the newcomer who took their place the next morning would face a mirror newness.

I live another way. I believe a clean desk is the sign of a frightened mind.

Most people lock their desks. I don't. I leave my desk unlocked and piled daily higher with a clutter of wistfulness, postponed decisions and unanswered letters.

This is why it puzzles me that I am more often a victim of office thievery than those who keep neat, locked desks.

Experience has convinced me that office thieves either use my desk for practice, or that, mistaking availability for value, they take what is there and hope it may be useful later. Certainly I don't cuddle the secret of how to make cheaper steel or a protein-enriched cola drink.

I hate to think that an international ring of office espionage artists is employing my desk for a training ground, but how else can I explain that—

My letters from admiring old ladies have been ruthlessly opened, and peered into.

So have been the follow-up letters from their husbands saying, "No matter what my wife wrote you, if you try to sell her anything, I'll tell you right now that I'll not be financially responsible."

So have been my invitations to cocktail parties to celebrate a new tractor, or to judge the vocal excellence of a troupe of visiting canaries.

Careless as I am, I still resent

the fact that any office thief should purloin from my desk such as the following:

My unmailed encouraging note to Gen. Custer, before the Battle of the Little Big Horn in 1876, "just keep on herding those Indians, George, and you'll be back in Washington as Army chief of staff."

A wry postcard from William Jennings Bryan following his defeat for the presidency in 1908, after earlier losing in 1896 and 1900, "Well, you can't win them all, kid!"

The telegram I sent to a man named Ford: "If you ask my advice, Henry, don't put your trust in a four-wheeled vehicle just because it wears out more tires. The big future is in a three-wheeled car."

And the advice I gave to Tom Edison: "What's the use of putting a light inside a closed glass bulb — if it makes it just that much harder to reach with a match?"

The trouble with an office thief is that he usually steals something that isn't at all important to him but may be to the one he preys upon.

There isn't much glory in robbing a city dump, and a guy

TOP MAN—Tran Van Houng, new premier of South Viet Nam, explains his projected program at a Saigon press conference.

## Vera Leach Selected For College Honor

Miss Vera Leach, daughter of Mr. and Mrs. Richard Leach, 2314 First Street Terrace, Sedalia, is one of 13 senior Culver-Stockton students at Canton to be selected for the 1965 "Who's Who in American Colleges and Universities."

who holds up a dump instead of a bank shows himself to be a pitiful amateur — and so do most office thieves.

## Frances Geiser New Regent of D of I Group

Frances Geiser was installed as regent of the Daughters of Isabella by the state regent, Ann Oswald, St. Louis, at a recent meeting of that organization.

Other officers installed were: Blanche Ilmberger, vice-regent; Laura Riley, past regent; Marie Wiemholt, recording secretary; Betty Burke, financial secretary; Alma Odendahl, treasurer; Regina Rieniger, senior trustee; Marian Butler, custodian; Margaret Youngkamp, monitor; Delpha Self, inner guard; Bonnie Brown, outer guard; Elizabeth Stohr, chancellor; Isophine O'Brien, scribe; Sylvia Ash, organist; Mildred Nold, first guide; Bernice Aggeler, second guide; Christine Gudde, banner bearer.

The Daughters of Isabella of Sedalia Circle 310 will celebrate their 40th anniversary on Nov. 22, at the Holiday Inn. There

will be no social meeting in November.

Nov. 29, corporate communion will be held at 8 a.m. at Sacred Heart Church.

A gift was presented to Mrs. Oswald from the D. of I., with Mrs. Geiser making the presentation.

## Contributors Honored For AP Coverage

PHOENIX, Ariz. (AP) — Twenty-nine newspapers and broadcast stations were honored today by The Associated Press Managing Editors Association for outstanding contributions to The Associated Press news report.

Award of citations to the 25 newspapers and four radio-television members of the news co-operative was announced at the annual APME convention here.

Each of the recipients made an important contribution in the coverage of a fast-breaking news event in behalf of all members during the past year.

In some cases they provided stories and newsphotos for other AP members before they could make use of the material themselves.

Five of the awards stemmed from coverage of the disastrous Alaska earthquake of March 27. Other awards were related to coverage of the assassination of President John F. Kennedy, racial disorders and the disappearance of three civil rights workers, tornadoes which struck Missouri, Kansas and Texas, and other news events.

The citations were signed by Sam Ragan, APME president and executive editor of the Raleigh (N.C.) News & Observer and Times; and Charles T. Alexander Jr., chairman of the APME Member Citations Committee and managing editor of the News & Journal, Wilmington, Del.

Recipients were:

News and newsphoto coverage: Anchorage (Alaska) Daily Times; Fairbanks (Alaska) Daily News-Miner; Jonesboro (Ark.) Evening Sun; Hattiesburg (Miss.) American; Chasterton (S.C.) ### Blue Laws

"Blue Laws" as a name for laws which appear to be too strict came about in New England at the time the strict Presbyterian pro-Parliament party adopted blue as its color.

### D. Bultemeir Chosen Ringen-Brushy Head

Dell Bultemeir was elected president of Ringen Brushy 4-H Club at Ringen Community Building Nov. 11.

Other officers are: Jerry Stevenson, vice president; Colleen Meyer, secretary; Nancy Schutte, reporter; Allen Zimmerschied, treasurer; Debbie Cook, Connie Teter, song and game leaders.

Project leaders were chosen.

Names were drawn by the 14 members present for the 8 p.m. Dec. 9 Christmas party, to be held at Ringen Community Building.

### Future Nurses Hear About Diversification

Guest speakers at the recent meeting of Future Nurses Club in junior high library, Smith-Cotton High School, were Miss Patsy Goodman, R.N., and Ronald Frame, who are associated with the University of Missouri, Columbia. Miss Goodman told of different fields available in nursing.

Donna DeMott announced several open houses to be held at the schools of nursing. The group is working on stuffing envelopes with tuberculosis seals at Mrs. Bertha Welch's home.

Future Nurses will make tray favors for Bothwell Hospital patients at the Nov. 21 meeting.

## LBJ Gives Ladybird Photo Of His Saturday Competitor

WASHINGTON (AP) — President Johnson mixed sentiment and fun in a surprise dinner for his wife on their 30th wedding anniversary.

The President, with the aid of White House staff members, planned the celebration himself — inviting 20 guests to dinner Tuesday night, choosing the menu and planning the anniversary cake.

The guests were personal friends of the First Family. The Johnsons' daughters, Lynda, 20, and Luci, 17, brought their dates to help their parents celebrate.

The Johnsons were married Nov. 17, 1934, in St. Marks Episcopal Church in San Antonio, Tex., when he was a secretary to a Texas congressman.

One of the gifts the President had for his wife was arrangements for a trip for her. Where or when, the White House would not say. After the campaign, Mrs. Johnson had said she wanted to go away on a trip for a few days and "walk under the sky."

In fun, the President also

gave Mrs. Johnson a picture of "Gunsmoke" star Marshal Matt Dillon, whom the First Lady likes to watch on television on Saturday night.

Johnson inscribed the picture, "To Lady Bird and my Saturday night competitor."

The White House did not disclose what Mrs. Johnson had given her husband to mark the day.

The cake was a big white frosted sponge cake of three layers with lemon filling, decorated with yellow roses, white doves, two silver springs and snapshots of Mrs. Johnson and her family.

The 30th anniversary calls for gifts of pearl. When the Johnsons posed Tuesday for anniversary portraits, the First Lady wore a single strand of pearls and also a pearl ring.

However, White House aides said they were not new, and they knew of no gift of pearl Tuesday from the President.

## Presenting Case Against Canaday On Tax Evasion

KANSAS CITY (AP) — The government set out today to prove its contention that William M. Canaday spent about \$62,000 in a period when his gross pay as chief of operations of the Kansas City Police Department was only \$37,699.

Canaday is on trial in federal court on a charge he fraudulently failed to report \$21,000 in taxable income from 1957 through 1960. He was suspended as a lieutenant colonel in the Police Department when he was indicted.

Calvin K. Hamilton, assistant U.S. district attorney, told the jury the government will prove Canaday willfully and deliberately tried to evade full payment of his income tax.

More than 60 per cent of Canaday's expenditures were in cash, the prosecutor said, although he and Mrs. Canaday had at least one and sometimes two checking accounts.

Hamilton said Canaday once told Internal Revenue Service

agents he saved \$4,000 while overseas in the Army and built on that until he had \$10,000 in a box at his home by late 1955. Another time, Hamilton said, Canaday told agents he won the \$4,000 in a crap game on a ship which returned him from overseas.

THE SEDALIA DEMOCRAT—Sedalia, Mo., Wed., Nov. 18, 1964 5

The prosecutor said in the period Canaday's cash box hoard supposedly grew from \$4,000 to \$10,000, he borrowed \$43,000 — floating 31 loans ranging from \$100 for house improvements to \$18,000 on a house mortgage. Hamilton said the records turned over to the government by Canaday did not show any sources for income he had beyond his policeman's salary.

## Life In Death Row

Condemned Prisoners Await  
Destiny In Alabama Prison

By REX THOMAS  
MONTGOMERY, Ala. (AP)—Death lives in a steel-barred cell in a closely guarded wing of Kilby Prison. He has 18 roommates.

Twelve condemned Negroes and six white men convicted of murder or rape wait as their numbered days fade away. Unless the courts or Gov. George C. Wallace intervene, they are doomed to die in a gaudy yellow electric chair.

Some have been in the death cell for years, living from reprieve to reprieve. Some, newly convicted, have just begun to wait it out.

Three convicted as killers and one as a rapist have exhausted their remedies in court, and now only the hope of mercy from the governor separates them from death.

The 14 others have appeals pending in the courts. In Alabama, all death sentences automatically are reviewed by the State Supreme Court, and sometimes by federal judges as well.

The governor has the power to commute the death sentence to life imprisonment. By refusing to intervene further after the execution had been delayed 11 times, Wallace ordered a white man, James W. Coburn, to die for a robbery in which a woman was slain.

In every other death case awaiting his verdict, the governor has put off the decision. He once told a condemned man during a clemency hearing, "I have agonized over such mat-

US Bishops  
Show Gains  
In Influence

VATICAN CITY (AP)—The Roman Catholic bishops of the United States came into their own at the almost-finished third session of the Vatican Ecumenical Council, leading the debate on several major topics and reflecting traditional American values.

American prelates have spoken out in St. Peter's Basilica more than 30 times since September to urge strong council stands on such matters as religious liberty; racial equality; forthright clearance of Jews from any special blame in the Crucifixion; church-state separation; relieving world hunger, and the right of governments to have defensive nuclear arms.

The five cardinals and 285 archbishops and bishops of the United States make up the second largest national hierarchy in Roman Catholicism, exceeded only by Italy's 430 prelates. They represent 44 million Catholics, almost equal to the entire population of Italy.

At the initial council session in 1962 they were largely listeners and followers. Critics suggested they might go down in history as "the silent church" if they remained on the sidelines.

At the second session in 1963 they began to emerge with self-confidence and sign up on the speaking list to present their viewpoints, often in the name of many or all of the U.S. bishops.

At this current third session they moved into the spotlight.

Cardinals Richard Cushing of Boston, Albert Meyer of Chicago and Joseph Ritter of St. Louis all arose Sept. 23 to voice a plea for freedom of conscience in every man in following the religion he believes.

For Cardinal Cushing it was a rare appearance before the council's microphones.

"The church must become the champion of religious freedom," the 69-year-old cardinal insisted in his booming Latin with Bostonian overtones. He won a

## Bonds For Expanding Power Plant Okayed

FULTON, Mo. (AP)—A \$1.75 million bond issue to finance expansion of Fulton's municipal power plant was approved 477 to 166 in a light turnout for a special election Tuesday.

A second plant will be built on a tract at the north edge of town, and it will be equipped to use both natural gas and diesel fuel.

burst of applause despite council rules against it. Cardinal Meyer said "nothing else done at the council will have much importance" if the declaration on religious freedom of conscience failed to win approval. Cardinal Ritter stressed "the interior, natural, native right" of every person to his religious beliefs.

Cardinal Cushing created an even bigger stir in the council five days later. Again opposing the outlook of conservatives, largely from Italy and Spain, he urged the council to put back into a declaration on Jews a deleted phrase that the Jewish people bear no special guilt for the Crucifixion.

"Far be it from us to set ourselves up as judges in the place of God," Cardinal Cushing declared as many prelates moved into the aisle from their seats for a better look at the fiery American in action.

Cardinals Ritter and Meyer also spoke again that day. Their stand, backed by Bishop John J. Wright of Pittsburgh, was endorsed by several European and Canadian prelates.

Cardinal Meyer addressed the council six times this fall, more than any other American prelate.

James Francis Cardinal McIntyre of Los Angeles became ill at the session's opening-day ceremonies Sept. 14. He returned home two weeks later after attending a few of the daily meetings but not speaking before the assembly.

Francis Cardinal Spellman of New York arrived in Rome late, after a bout of illness. He spoke Oct. 20 during debate on the council's modern world problems schema, and asked that the document not be weakened.

On Nov. 17, the New York cardinal urged the council to declare itself in favor of public funds for religious schools, say-

## of traditional church restrictions.

The Americans pressed for all-out condemnation of racial discrimination when the modern world schema arrived at a discussion of human dignity.

Archbishop O'Boyle of Washington was applauded in the council hall when he said Oct. 28 — in the name of the almost 200 U.S. bishops then in Rome: "Discrimination is not a sociological problem but a moral problem, a cancerous evil."

Bishop Andrew Grutka of Gary, Ind., said equal opportunity was essential in all of man's economic and social life.

When your telephone receiver is off the hook, your phone can't ring. It's closed to incoming calls. This kind of trouble we can't prevent.

But when it happens, a signal is sent over the line to attract your attention. All you do is replace the receiver properly on the cradle. Now your phone can ring.

We hope this will make your telephone even more useful and of greater personal value.

# Marriages In Mickey Mouse Club

By BOB THOMAS  
AP Movie-Television Writer  
HOLLYWOOD (AP) — Oh those marrying Mouseketeers! Cheryl (Holdridge) became the bride of sportsman-heir Lance Reventlow this month. Now Annette (Funicello) will wed her manager, Jack Gilardi, Jan. 9.

What's more, Annette reports that all of the onetime performers of the Mickey Mouse Club are now married — "all except Cubby and Karen, the two little ones."

Annette, the most successful alumna of the club and the only one remaining under contract to Disney Studios, was busy this week with final details for the wedding — and doing her Christmas shopping as well. Why now?

"Because I'll be starting another beach picture, 'Beach Blanket Bingo,'" she explained. "I won't finish it until nine days before the wedding. But nearly everything is set now. I've picked out the flowers for the church — St. Cyril's in Encino. We'll have 700 people there."

"I've just about completed the menu and decorations for the reception that's no small matter, because we're having 550 for a sit-down dinner in the grand ballroom of the Beverly Hilton."

"We wanted a smaller wedding, but you know how those things go. It just sort of got out of hand."

The bridegroom is executive for a talent agency firm, General Artists Corp., and one of his clients has been Annette.

"I first met him," she recalled, "when he was managing Frankie Avalon. I was 14 and dating Frankie at the time, but I had a big crush on Jack. To him, of course, I was just a little girl."

Annette's career has continued to flourish with her coming of age — she's 22. She remains under contract to Disney's for two films a year and for recordings. She makes guest appearances on television. She'll be with Bob Hope on NBC Friday night. She has a contract for two films per year with American International, producers of the successful "Beach Party" epics.

## About Town

Mr. and Mrs. N. E. Siegel, Route 2, were paid a surprise visit recently from their son, Elmer E. (Pete) Siegel, RD-2, United States Navy.

Siegel is stationed aboard the USS Serrano AGS-24, which has been taking soundings of ocean bottoms.

Mr. and Mrs. Earl Payne, 1312 East 20th, found in an old picture frame recently, a piece of the Kansas City Times dated Monday, May 22, 1899.

Among the stories in the paper follows in part:

"Astronomers tell us that the day must come when the earth will, like the moon, wheel through the heavens a lean and barren ball of matter—airless, waterless, lifeless. But long, long before that time man will be extinct, will have disappeared so utterly that not so much as the bleached skeleton of a human being will be visible on all the millions of square miles of the surface of the planet."

## Beaconlight Plan Fraud 'Good Idea'

NEW YORK (AP) — Even President Johnson thought it was a great plan to prevent high school dropouts — but it was a front for a fraud, says New York State Atty. Gen. Louis J. Lefkowitz.

It was called "Operation Beaconlight" and this, Lefkowitz said Tuesday, was how it worked:

The "National Art League," a nonprofit organization, would provide an etched picture of a high school building for \$2.50.

A successful alumnus would be persuaded to lecture the students on the desirability of staying in school, and present each one with an autographed etching.

The student, looking at his etching from time to time, would be encouraged to keep hitting the books.

Johnson, as vice president in 1963 and as President this year, presented etchings to students at his old school in Johnson City, Tex.

Lefkowitz says his investigation shows that Johnson had no knowledge of the fraud behind the "National Art League," or of the criminal background of its chief promoter.

Lefkowitz said "Operation Beaconlight" was the brainchild of Warren Hunter, who has spent nearly 20 years in prison and is under \$25,000 bail awaiting sentence for failure to answer a subpoena in the case.

Hunter was known to President Johnson, Lefkowitz said, under one of his nine aliases — Warren K. Kenyon.

Lefkowitz said the "National Art League" was the front for Hunter's National Art League Service, which printed the etchings at "a fantastic profit."

In addition, the attorney general said, Hunter sold \$500,000 of worthless stock in the operation, victimizing elderly widows, some of whom he promised to marry.

## Burglars Strike At 3 Businesses In The County

Burglars broke into three business places just outside the city limits on south Highway 65 late Tuesday night or early Wednesday morning, but apparently left with no loot.

Sheriff Emmett Fairfax reported the thieves used the same pattern to enter the MFA Service Station, Goldberg's Cafe and the LD Discount Store. Windows were broken to gain entrance at all three.

At the service station, entry was through a south window. The cash register was dropped on the floor, but no money taken. Fairfax said proprietors had emptied cash registers at all three places when they closed.

A north window was broken to enter the Goldberg Cafe. At LD Discount, the thieves broke the front door glass and left muddy footprints through the store, but took no merchandise.

The sheriff's department was notified of the Goldberg break-in at 6:10 a.m. by Sedalia police after a bread deliveryman had made the discovery. The investigation is continuing.

killed in an automobile accident Saturday near Ashland, Kan. The Rev. S. A. Gardner officiated.

Burial was in Crown Hill Cemetery, Sedalia.

### Mrs. Mamie Wise

Funeral services for Mrs. Mamie Maude Wise, California, formerly of Latham, who died Sunday, were held at 2 p.m. Wednesday at Latham Christian Church. The Rev. George Igo, Tipton, officiated.

Burial was in Highland Cemetery, Latham.

Arrangements were under the direction of the Williams Funeral Home, California.

### Nellie I. Breshears

Funeral services were held at 2 p.m. Wednesday at the Reser Funeral Chapel, Warsaw, for Mrs. Nellie Irene Breshears, Avery, who died at the Baptist Hospital in Springfield, Monday afternoon.

Burial was in the Spring Branch Cemetery, near Avery.

Police Reports

Police discovered a window broken in a rear door of the Hurlbut Printing Co., about 10:45 o'clock Tuesday night. No entrance was apparently gained by the person or persons who smashed the glass.

A report was given the police a window at the Lamy Manufacturing Co., Pacific and Osage, was broken out Tuesday night by vandals. The window was on the west side of the building.

Police found an east window broken at the Pacific Cafe, Main and Osage, about 5 a.m. Wednesday. There was no indication of entry, however.

A vandal or vandals inflicted heavy damage on a car belonging to Billy Dick, 2808 South Kentucky, Tuesday. The vandalism occurred between 4 and 6 p.m. and resulted in several holes being punched in the radiator and the radiator hose, the air cleaner being removed, and a quantity of brake fluid being poured into the carburetor. The car was parked on a private lot at 17th and Kentucky.

Chief of Police William E. Miller conducted the preliminary investigation.

## Police Court

John A. Rogers, Liberty, charged with running a stop sign, forfeited a \$5 bond.

Robert A. Whiteman, 1515 South Stewart, charged with careless and imprudent driving by racing and making a loud and unnecessary noise with a motor vehicle, pleaded innocent, but after a hearing was found guilty and fined \$25 on each charge for a total fine of \$50.

Donald Ford, 1208 South Harrison, charged with failure to pay two overtime parking summonses, forfeited a \$7 bond.

## Chamber Discusses Upcoming Events

A meeting of the Chamber of Commerce board Tuesday afternoon in the Chamber board room was devoted to discussion of various events being planned — the Christmas parade, Dec. 5; the Chamber of Commerce banquet, March 18; and cooperation with the Whiteman Air Force Base in recognizing outstanding airmen.

The meeting was presided over by P. Cecil Owen, president.

Present at the meeting were P. Cecil Owen, president; Dan Robinson, first vice-president; Carl Yates, Jr., second vice-president; Sam Boyle, executive manager; Mrs. Vivian Warren, treasurer; Harry Naege, Ralph Warren and Louis Hughes, Jr., directors.

## Accidents

Police investigated four minor auto accidents in Sedalia Wednesday morning, but no injuries were reported in any of the mishaps. Due to the rash of accidents police got behind in completing reports.

Mishaps were reported at 8:30 a.m. at Broadway and New York, at 9:54 a.m. at Fifth and Osage, at 10:12 a.m. in the 900 block on East 16th and at 10:25 a.m. at Sixth and Massachusetts.

A gas regulator near the curb line along LeRoy's Steak House was broken off about 11:10 o'clock Tuesday night, when a car on the parking lot rolled backwards crashing into and rolling over it. There was no one in the automobile.

The car, a 1964 Buick two-door sedan, was parked facing south on the lot and the brakes apparently loosened letting the car roll backward. The regulator was broken off and the rear bumper on the Buick damaged.

Gas had to be turned off in the area while an emergency crew went to the scene and made necessary repairs.

The automobile is owned by the Buick Motor Division of the General Motors Corporation. It was parked by George H. Dunlap, III, Shawnee Mission, Kan., a representative of the corporation.

One car was damaged in a car-truck accident that occurred on a private drive-way in the 400 block of East Broadway at 12:47 p.m. Tuesday.

Involved were a 1960 Mercury, driven north and negotiating a right turn on the driveway by Helen G. Crabb, 38, 1427 South Carr, and a 1963 GMC two-ton truck, being backed west on the driveway by Claude A. Holman, 32, Route 4.

Damaged were both right doors and the top of the Crabb car.

Sixteenth and Beacon hosted a two-car accident at 4:01 p.m. Tuesday that resulted in no injuries to the parties involved.

Involved were a 1955 Buick, driven east on 16th by Dora Jane Parker, 29, 1422 South Harrison, and a 1962 Plymouth, driven south on Beacon by Marion W. Pratt, 39, 1716 South Beacon.

Damaged were the left front bumper guard and grille of the Parker car and the right front fender and the splash pan under the bumper of the Pratt car.

## Circuit Court

The State Highway Commission filed condemnation proceedings in Circuit Court Tuesday on seven pieces of property setting wheels into motion on Urban Plan work on West Main Street.

Named as defendants in the condemnation suit are: Dwight L. Pirtle, Sylvia L. Pirtle, Joseph H. Kehl, Nellie Sarah Kehl, William A. Schien, Naomi T. Schien, Clara Koerper, Bessie Evelyn Baer, Olive Lilly, Albert E. Baumgardner, Donna Baumgardner, Clyde N. Anderson, Elliott M. Stafford, Jr., Saint Louis Union Trust Company, a corporation; Charley Jenkins, Adco, Inc., a corporation; and the unknown heirs, grantees, successors or assigns of Joseph H. Kehl, Nellie Sarah Kehl, Clara Koerper and of Hiram Butler and Nancy J. Butler, both deceased.

The project calls for grading, construction of storm sewers and 48-foot pavement from Highway 65 easterly along Main Street to Grand Avenue—a total distance of .708 miles. The project is to be designated by the State Highway Commission as a spur of Highway 65.

In ordering the condemnation action filed, Judge Frank W. Hayes set the hearing on the matter for 9:30 a.m. Dec. 21.

A jury trial in a civil damage suit in Circuit Court was in its second day Wednesday after having opened Tuesday morning.

Mrs. Carolyn Livingston, a Springfield widow, is the plaintiff in the action against Mrs. Irel E. Adams, executrix of the estate of the late Ralph W. Dow, Jr. of Sedalia. The suit evolved from an auto accident in Springfield Sept. 8, 1962, while Mrs. Livingston was a passenger in a car being backed from her driveway by Dow.

Wesner, Wesner and Meyer are attorneys for Mrs. Livingston. Dean Arnold and Durely and Keating represent the defense.

The damage petition of Gilbert C. Moreau against Kelly R. Marsh was dismissed in Circuit Court Tuesday.

Denise Marie Stratman, a minor acting through her mother and next friend, Ruth R. Stratman, was awarded a damage judgment of \$1,500 in Circuit

## Optimistic On Nuclear Arms Force

### Undersecretary Of State Ball Reports On Trip

WASHINGTON (AP) — Undersecretary of State George W. Ball has returned from Europe optimistic about prospects for agreement early next year for formation of a nuclear weapons force within the North Atlantic Treaty Organization.

Ball came back Tuesday from the first of two scheduled European missions concerned primarily with divisions among the Atlantic Allies over a variety of military, political and economic problems.

His primary concern, however, has been to do everything possible to move forward work on the nuclear weapons problem.

He told reporters that he brought back "a good deal of optimism as regard to the spirit" with which interested European Allies are now working on the U.S. proposal for organization of a seaborne nuclear missile force.

"I think the German government is very determined to try to make a success of this proposal," Ball said.

However, he said it would take some weeks beyond the previous year-end deadline for an agreement in order to give the new British Labor government time to work out its position on the nuclear weapons issue.

as "bad news because a significant military payroll is being taken away from a particular community."

"Yet I suggest that there is also good news in these announcements, not only for the taxpayer and the citizens who are concerned about efficiency and economy in government, but specifically for the citizens of many of the affected communities," McNamara said.

He promised to guarantee a job opportunity for every career employee whose job is eliminated.

The new actions, McNamara said, follow year-long studies. He indicated that the peak has been passed in the search for surplus bases which can be shut down with economy.

"I don't anticipate in the next 12 or 24 months we will have anything" as extensive as the actions taken so far, he said.

However, he indicated there were some bases already studied that he wants to review for possible elimination.

## Twined Hearts, Automated

Romance is one field of human endeavor which you might think would be immune to the advances of technology. And yet match-making machines—kissing cousins to computers—are programing Cupid right out of a job.

It all started when some unromantic soul went into partnership with an electronic business machine and set it to work pairing off young men and women in compatible twosomes.

As a result, matchmaking centers have been set up in several major cities. Business, according to the boy-meet-girl people, couldn't be better.

"Miss Brown," the machine might say, "meet Mr. Smith. Both of you like jazz, hate olives, are allergic to cats and take long walks. You're ideally suited to each other. Have fun."

Washington Merry-Go-Round

## A Rebel In The Kennedy Clan

By DREW PEARSON

LOS ANGELES—The vigorous Kennedy family has the reputation of embracing and assimilating any family which marries into it. But there is one doughty old lady who flatly refuses to be absorbed.

She is Lady May Lawford, the individualistic mother-in-law of Patricia Kennedy Lawford, who not only goes her own sweet way regardless of the incredible Kennedy's but even wore a Nixon button during the 1960 campaign when every other member of the family including her son Peter, was out working for the election of John F. Kennedy.

Meanwhile her son Peter gives her only \$150 a month to live on and Lady Lawford finds that her grandchildren don't own her as grandmother.

To get the lowdown on this fascinating but unpublicized family feud, I talked with Lady Lawford in Los Angeles, found her to be a lady of just as much vigor, possibly more vitriol than the Kennedys.

"The trouble," she said, "is that my son married into an Irish family and the Irish haven't got along with the English since the days of William the Conqueror."

"Yet they sent Joseph P. Kennedy to England as ambassador," I recalled.

"That was because he gave so much money to pay Roosevelt's campaign expenses," Lady Lawford returned.

"Roosevelt asked him, 'Why do you want to go to the Court of St. James?' and old Joe replied, 'because there hasn't been a Catholic ambassador there since Henry the Eighth and because I want my children to marry into the peerage.'"

"Churchill kicked him out, and he should have done it sooner. The first thing Kennedy did as ambassador was to start insulting the British.

"They have a very nice custom over there when they hold court, it's a beautiful occasion. The men wear velvet coats, with diamond buckles at their knee breeches. But Joe Kennedy arrived in a brown suit with a colored tie and brown shoes. The Lord Chamberlain stopped him at the door and told him he would give him time to go back and change, but Joe replied, 'I'm an American and I don't change for anyone. If they don't like my brown suit I'll go home.'"

"The court gasped in astonishment," continued the co-grandparent of Joe Kennedy, "when he entered.

"The custom is for the queen, who sits on a throne alongside the king, to have certain ambassadors brought up to her. She then holds out her left hand, they kiss her hand and dance her once around the room.

## Looking Backward

TWENTY-FIVE YEARS AGO

Two Sedalians who took the examinations and training for the Missouri State Highway Patrol, have been accepted and assigned to troops. Paul Wadleigh, a student at the Rolla School of Mines and a former Smith-Cotton football star, was assigned to Troop D in Springfield. Ray B. Jenkins has been assigned to headquarters troop in Jefferson City.

FORTY YEARS AGO

Clarence Manker, city engineer, with a corps of laborers, is at work cleaning the lake bed at Liberty Park preparatory to getting it ready for skating this winter.

— 1924 —

Winners in the essay contest conducted by the Sedalia Public Library were announced as the following: Among eighth grade pupils, Teddy Finney of Broadway school; Seventh grade, Catherine Norris, of Broadway; Sixth grade, Dorothy Dickman of Sacred Heart; Fifth grade, Leslie Reed, of Summit-Washington school. Judges were Mrs. Charles Wilson, Mrs. J. C. Connor and Mrs. William Claggett. The essays were on the subject: "Books I Like Best."

— 1924 —

Miss Nina K. Slater, principal of Prospect school, was elected vice-chairman of the Department of Elementary School Principals at the annual business meeting of this department of the Missouri State Teachers' Association, in Kansas City.

Actually, the machines don't match personality to personality but, by the unromantic process of card elimination, find two or three suitable mates for the inquiring client. Someone who's looking for a mother-image, for example, wouldn't be happy with a clinging vine.

If automated romance becomes fashionable, where will it all end?

Perhaps your great-grandchildren will depend for introductions on the local computer, instead of today's overworked mutual friends. Or young couples may have to apply to a computer for compatibility tests before being issued a marriage license.

But be of good cheer: A computer will never be able to program so unpredictable an item as love in the male-female relationship. And love, they say, conquers all. Even computers.

## Fight To Preserve Rotten Boroughs

By RAYMOND J. CROWLEY  
WASHINGTON (AP) — Mark Twain used to tell a story about a trainload of state legislators who were going on a picnic.

The train was held up by bandits. Having relieved the bandits of their valuables, the legislators proceeded to their picnic.

This, of course, is not an accurate description of modern

state legislators. For one thing, they lack the old-time vigor.

But many of them are putting up quite a fight — a fight they cannot possibly win — a fight to preserve "rotten boroughs."

The term rotten borough derives from British parliamentary history. The big dictionary defines a rotten borough thus: "An election district that has

many fewer inhabitants than other election districts with the same voting power."

This exactly describes the situation now prevailing in most states of the Union. There has been a tremendous growth in the population of cities and suburbs, especially the latter, but the outnumbered rural folks still control — or at least exercise a veto power — in most state legislatures.

In some cases the state constitutions called for mandatory reapportionment after each census but legislators blithely ignored this requirement, in some cases for as long as 60 years.

A lawyer from one of those states requested more time from the Supreme Court.

"How long do we have to wait?" asked Chief Justice Earl Warren, with the air of a man who is tired of waiting.

Now the law of the land — as pronounced by the Supreme Court — is "one man, one vote" — that is, legislative districts have to be equal in population, as nearly as practicable.

So there is nationwide ferment, special sessions of legislatures, with federal courts breathing down their necks. The idea of the controlling rural folks is to reapportion in such a way as to give up as little power as possible.

New Jersey has come up with a plan — not quite new because it was tried in New Mexico but promptly slapped down as a violation of the state constitution. One aim of this plan is not to retire any legislator to private life.

It provides for weighted voting in the state Senate, that is the senator from populous Essex County would have 19 votes, as against one for the senator from Cape May County.

The issue is intertwined with partisan politics. Example: in the Goldwater debacle, Democrats won control of the New York Legislature from the Republicans.

Now Republican Gov. Nelson A. Rockefeller is planning to call a special session of the legislature soon to reapportion the state before the Democrats get a crack at it in 1965.

The Democrats are hollering bloody murder. It makes a heap of difference who gets to do the redistricting, because both parties have experts in gerrymandering — the art of drawing boundaries in such a way as to put the opposition behind the eight ball.

Over much of the country, this kind of footwork is going on. A truly fundamental political revolution is under way, with incalculable effects on the American system.

## Wheat Price Support Loans Show Increase

WASHINGTON (AP) — Farmers put 151,746,428 bushels of 1964-crop wheat under price support loans through Oct. 31, the Agriculture Department reported. This compares to 138,322,801 bushels for the same period a year ago.

The department said 3,734,509 bushels of 1964-crop corn was placed under support through Oct. 31 compared with 2,224,529 bushels a year earlier.

## Business Analysis

## Loss of Car Output Drags Production Indexes Down

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP) — Businessmen are paying more heed today to what is happening than to what didn't.

What didn't happen was the production of cars and parts and materials that didn't occur because of shutdowns in auto plants.

What is happening is the continuing rise in output of other consumer durable goods and in the nondurable staples of the economy.

The loss of car output dragged the industrial production index down in October from the previous month for the first time in more than a year. But it is still 131.7 per cent of the 1957-59 average, compared with 126.1 per cent in October 1963.

And this helps businessmen shrug off the expected drop last month because of labor troubles and look to a fast recovery.

Two other statistics that looked queasy in October come under the same interpretation.

Retail sales dipped slightly, but this too was due to loss of incomes in communities where plants were shutdown because of strikes or because struck customers weren't buying just then.

Job totals also were adversely

affected by the auto troubles. But businessmen note that outside this industry and its suppliers the job demand was strong. Employment advanced in service and trade and in state and local governments, and was off less than seasonally in the construction industry, where weather is a factor.

Consumers are spending more in communities untouched by the labor strife. After allowing for sales losses in autos, retail trade is topping year ago levels by the highest percentage since last March when the federal income tax cut went into effect.

Utilities are producing more despite the auto setbacks, and count on the increased demand continuing.

Industries producing equipment both for consumers and for business firms kept on climbing in October.

Capital spending by business is still rising. The October setback in production figures is deemed only temporary. It seems unlikely to change any boardroom thinking about the advisability of expanding plant and buying new equipment.

So today's tendency is to write off October's troubles as temporary and to take those continuing this month in stride. Outside the affected industries the trend is still upward.

## THE DOCTOR'S MAILBAG

## Heat, Sweating Cause of Prickly Heat

By Wayne G. Brandstadt, M.D.  
Newspaper Enterprise Association

Q — My husband suffers from prickly heat. He has tried salves and other remedies but they don't help him. What do you advise?

A — Prickly heat consists of red bumps or papules located chiefly on the trunk, shoulders and thighs. They occur most commonly in men who work in hot kitchens, boiler rooms or other places where excessive sweating is induced. If your husband can't change his working environment he could try a lotion containing sulfur and resorcin. This should be followed by a camphorated mentholated powder to allay itching because scratching the bumps often leads to infection.

Q — I do not sleep with my mouth open but my mouth gets so dry at night I can hardly open it in the morning. What can I do for it?

A — Dry mouth is a common complaint — largely because so many different things can cause it. Such drugs as belladonna, atropine and the rauwolfia preparations used to relieve high blood pressure and nervous tensions are causes. Even without mouth-breathing, sleeping in a poorly ventilated room in which the humidity is low is a common cause of dry mouth. Excessive smoking, deficiency of vitamin A or B and chronic

rhinitis are other common causes.

Treatment involves first finding and removing the cause. Meanwhile your doctor may want to give you temporary relief by having you take potassium iodide or some other so-called expectorant drug.

Q — Is it possible to transplant the thyroid gland from one person to another? My wife had to have all but a small fragment of her thyroid removed and she has been miserable ever since.

A — No successful transplant of a thyroid has been reported. When so much of the gland has to be removed that a thyroid deficiency develops, this can be controlled with carefully adjusted doses of thyroid extract. Is it possible your wife is miserable from some other cause?

Q — Are potatoes a good source of calcium?

A — No. Milk and cheese are the best source. Others include such greens as spinach, beet tops, kale, broccoli and mustard greens.

Q — In a recent article you told of benefits to three women from the use of the plasma expander, LMD. Is this treatment for women only?

A — Most, but not all, of the cases reported were women — pure coincidence.

## Scratch Back With Spoon

By POLLY CRAMER  
Newspaper Enterprise Assn.

DEAR POLLY

A long-handled wooden kitchen spoon makes a wonderful back scratcher and reaches those itchy spots between the shoulders. Soap a washcloth and put over the round part and you will like it better than any back brush with flexible bristles. The handle of the spoon can be painted to match the bathroom decor.—J. C.

DEAR POLLY—I am a housekeeper of 45 years experience but find many new and usable suggestions in the column.

I immediately cut out any suggestions and instead of piling all and sundry hints together I go about it in a more orderly way. Any tips on keeping shoes in good condition, I tape on my shoe bag and any pertaining to hats go on my hat boxes. Tips on gloves are taped inside the drawer where gloves are kept. Household hints are taped in the areas where they will be used. I tape kitchen suggestions on the inside of a kitchen cabinet door. In this manner I am familiar with the suggestions and am able to make any repairs or changes without loss of time in looking up the hint. Any I do not like after using, I pull off and throw away. — MRS. L. C.

DEAR POLLY—I would like to throw in my two cents worth of help for the Den Mother who wanted handicraft suggestions

for her Cub Scouts. A gift I received could be easily copied by small boys. Let them make permanent, wooden shopping list boards for their mothers. One-fourth or 1/2-inch plywood would work fine. Shellac the board and put on, with India ink, a list of staple grocery items. A small drill could make a hole opposite each item. Then paint match sticks red or any other bright color to stick in holes across the bottom of the board. They are ready to go in the holes opposite the listed items that are needed on the next shopping trip. "Shopping List" could be printed at the top with bright paint to match the sticks.

I, too, find children are often more amused with home-made toys than with more expensive ones. My son found a rectangular piece of wood and hammered two-inch nails in different places over it. Under each nail he put a number—5, 10, 15, etc. The board was hung on a kitchen door. Using old jar rubbers, all three of our children have had hours of fun throwing the jar rubbers at the nails. The numbers add up for their scores. —MOTHER OF THREE

GIRLS—The ring toss game would appeal to the children but I think mother would enjoy it more if they played in the basement or some place that was not under her feet.—POLLY

Paris Louvre  
Delightful  
On TV Tour

By CYNTHIA LOWRY  
AP Television-Radio Writer

NEW YORK (AP) — From an exciting opening shot of the soaring Winged Victory at the top of wide marble stairs to the quiet final picture of the Venus de Milo, Tuesday night's NBC special program about France's great Louvre was a delight to eye and ear.

This was no dreary tour through endless museum corridors and rooms with quick looks at famous art treasures. It was the story of the great building itself, the heart of Paris for almost 800 years, of the place where 50 kings and queens of France walked.

Charles Boyer told the story of the building and its builders as the cameras moved around, illustrating his words with pictures of the things the rulers collected — great art, crown jewels, fine sculpture and small, but significant detail in architecture.

Like "The Kremlin," an earlier NBC achievement in the same category, this was a program that should have been seen in all its rich and rewarding color.

No guided tour of the Louvre Museum would have taken a tourist to all the corners or provided such artful lighting. It was a marvelous hour.

ABC News president Elmer Lower announced Tuesday a "realignment" of its activities. One activity will be a new format and a new anchorman for its early evening news program.

The change in the early news show will move Ron Cochran out if his regular spot. Network spokesmen would not speculate on his future assignments.

It is still unofficial but the decision has been made to let CBS' "Mr. Broadway" die after Dec. 26, when the 13th show of the new series is shown. There is no word about a replacement but rumors persist that "Slattery's People," which is not doing well on Monday nights, will be moved in an effort to save the series.

Girls Attending  
Beauty School  
On a Sit-Down

KANSAS CITY (AP)—Migosh, men, the girls are finger-waving their hair again, if you hadn't noticed; and this was at the bottom of a sit-down yesterday at the House of Heavilin School of Beauty.

George Heavilin was chagrined to find about half his 30 pupils in hair styling were wearing their long, up and out.

"Short and down," he decreed.

The 30 sat all afternoon in the basement, refusing to attend classes or practice.

"I happen to think this bouffant looks good on me," said Karen Bowling, 18. "A lot of my friends happen to think it looks good on me. And if I think it looks good on me, and they think it looks good on me, then that's what I'm going to wear."

Heavilin flourished the contract his pupils sign. It has a clause in which they agree to wear their hair in a professional style.

"Our girls are expected not only to know how to do the latest styles but to wear them

Play Chicken With Lighted Cigarette

WICHITA, Kan. (AP)—A 13-year-old boy who entered a hospital Tuesday night with infection of multiple burns in his right arm told police the burns were self-inflicted during a game of "chicken."

"Never in my experience as a police officer have I seen anything like it," said patrolman Bill Hannon.

themselves," said Heavilin. Bouffants, he said, went out seven years ago. He recommended the new "flirtation" hairdo—no longer than around the nape of the neck with soft curls and gentle waves.

Hannon said the boy told of playing the game with a companion at a roller skating rink Saturday night. He said the two boys placed a lighted cigarette between their bare arms to see which would jerk his arm away first, or in teen-age jargon, "chicken out." Hannon said they also put burning cigarettes on their arms to see who could stand the pain the longest.

The boy who was hospitalized had received a dozen third degree burns on his arm, Hannon said. The other participant, known only as Johnny, had not been located, he said.

Fidgeting, nose-picking, a tormenting rectal itch are often telltale signs of Pin-Worms. Ugly parasites that medical experts say infect 1 out of every 3 persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, they must be killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do... and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and easily.

## Tigers Land Two On CEMO Squad

The Smith-Cotton Tiger football team landed two of its players on the Central Missouri Conference "All-Conference" football squad for 1964. Con Rees, 190-pound center, and John Johnson, 174-pound quarterback, both seniors, were the local selections.

Eighteen seniors and four juniors comprise the 22-player 1964 All-Conference grid team, all selected at the fall meeting of the Conference coaches held in Columbia recently. The National Football Champions, Jefferson City Jays, placed eight players and the Columbia Hickman Kewpies, second-place team in the conference, placed six players on the All-Conference.

Rees was also named as one of the tri-captains along with Rich Stallings of Hannibal and Chuck Weber of Jefferson City.

Repeaters on the 1964 team from 1963 were Gary Butler, Jefferson City; Maurice Forte, Hannibal; and Rich Stallings, Hannibal; Richard McCullough, Jefferson City; and John Johnson of Smith-Cotton, Sedalia.

## Brown's Carry Marks Another League Plateau

NEW YORK (AP) — Jimmy Brown's seventh carry next Sunday against the Green Bay Packers will mark another National Football League plateau for the Cleveland Browns' great running back.

It will be Brown's 2,000th attempt to burst through an enemy line, and never before has an NFL player made that many tries. Brown, who broke the 1,000-yard mark for the sixth time last Sunday, has gained more than 10,000 yards since coming into the league eight years ago.

Brown needs just two more TDs to top the mark held by the legendary Don Hutson who scored 105 in 11 seasons.

Brown, of course, tops the NFL rushers with 1,081 yards in figures released today by the league. Chicago's Johnny Morris is the top pass receiver with 77 catches. Bart Starr of Green Bay tops the passers and Lenny Moore of Baltimore is the leading scorer with 15 touchdowns for 90 points.

## Boston Celtics Shake Up Coach, Drop 4 Games

By THE ASSOCIATED PRESS

The Boston Celtics shook up the rest of the National Basketball Association with 11 straight victories at the start of the season and now they're doing a pretty good job on their coach, Red Auerbach.

The Celts have lost three of their last four games and blown huge leads each time. The Baltimore Bullets took advantage of Boston's latest letdown Tuesday night, scoring a 102-99 victory over the Celtics.

In other NBA action Tuesday night, St. Louis outlasted Philadelphia 114-107 and Cincinnati turned back San Francisco 114-108.

Boston's first loss came against Philadelphia last Thursday in a game in which they held a 25-point lead with 30 seconds left in the third quarter. The next night Los Angeles overcame a 15-point deficit in the last 10 minutes to beat the Celts.

Boston had a 17-point halftime bulge against the Bullets and built it to 23 in the first four minutes of the third period. Then Don Ohl ignited a Baltimore burst that caught the Celtics with 4½ minutes left in the game.

### Snell Has His Sights On Record, Retiring

AUCKLAND, New Zealand (AP) — Peter Snell, the lean, dedicated master of the world's middle-distance men, has his sights set on a near-incredible 3:50 mile — and retirement.

And it appears that all he needs to achieve the goal is a little competition. The dark-haired, bony-faced New Zealander, a double gold medal winner in the Tokyo Olympics, trimmed three-tenths of a second off his own world record Tuesday, lowering the mark to 3:54.1.

What's more, he did it eased up, loping in with an easy, unhurried stride some 15 yards in front of the rest of an international field on a cinder track at Western Springs Stadium.

Snell, a 27-year-old salesman who owns most of the world's middle-distance records, promptly announced that he planned to campaign for a 3:50 mile in the next few months, then retire.

### Sayers In Position To Lose Crown

By JIM VAN Valkenburg Associated Press Sports Writer

Gale Sayers of Kansas is in the ironical position of losing his bid for an unprecedented third straight Big Eight rushing crown while adding to his conference career rushing record with every yard he gains.

The fleet and elusive 195-pound senior has rushed for 2,658 yards, more than any back in league history. He is tied for first in Big Eight rushing this season at 614 with Oklahoma fullback Jim Grisham. But Grisham has two games left, Sayers only one.

Sayers experienced an unusual tribute late in the fourth quarter of his team's 14-7 loss to unbeaten Nebraska Nov. 7 at Lawrence. He dropped a perfect pass in the clear, en route to a certain touchdown.

Not a boo was heard as Sayers hung his head in the end zone, then slowly trotted off the field. Instead, the crowd of 45,000 gave him a standing ovation.

But Sayers was crushed. He left without taking a shower. Against Colorado last Saturday he experienced possibly the worst day of his career. He fumbled twice, once for an 11-yard loss and had only 24 yards rushing.

Grisham ripped Missouri for 96 yards but was the culprit in two costly fumbles. Walt Garrison of Oklahoma State moved squarely into the race with 112 yards against Nebraska, giving him 583.

Sayers isn't the only 1963 conference statistical leader having trouble repeating. Missouri's Gary Lane, who swept the passing and total offense crowns last year, trails Nebraska's Bob Churchich 743 to 719 in passing. Lane leads OSU's Glenn Baxter 1,109 to 893 in total offense, but Lane has one game left and Baxter two more.

It's a close race for the No. 3 spot, with Frank Solich of Nebraska at 428, Ron Oelschlager of Kansas 420, Lance Rentzel of Oklahoma 413 and Lane 390. In passing, Bernie McCall of Colorado is fourth at 530 yards and Bob Skahan of Kansas fifth with 449.

### Three Men Lead Northwest Past Mayview 80-66

Northwest High School of Hughesville sailed by Mayview 80-66 Tuesday night in a La-Saline conference tilt at three Northwesterners teamed for 51 points.

Brownfield, Werneke and Coffelt each sacked 17 apiece as Northwest took the upper hand. Mayview's top three scorers were also grouped closely. C. Stuedde had 19, G. Stuedde hit 18 and Vahrenburg added 17.

In a girls basketball contest Mayview edged out a 30-28 win over Northwest in spite of a 26-point effort by Smiley for the losers. Scott paced Mayview with 12.

Northwest tangles with Sacred Heart of Sedalia Friday night at Northwest.

### Snook, Huarte Due To Meet In Toss Battle

NEW YORK (AP) — Gary Snook of Iowa and John Huarte of Notre Dame are due to meet in a pitchers' battle Saturday but the best either can hope for is to wind up as No. 2 behind Tulsa's Jerry Rhome.

Rhyme, with a half dozen or so passing records safely stowed away, is far in front in both passing and total offense, according to figures released today by the NCAA Service Bureau. With two games to go, it appears impossible to overhaul him.

The big statistical contests left are between Snook and Huarte for the runner-up spot in total offense and in the rushing department, where Brian Piccolo of Wake Forest has a lead that isn't safe yet.

The eight-game over-all figures are 2,541 yards for Rhome, 1,991 for Snook and 1,704 for Huarte.

In passing, it's Rhome 185 completions on 262 attempts for 2,330 yards and 27 touchdowns. California's Craig Morton is second with 165 completions. Piccolo leads the runners with 929 yards total.

### Unlimited Substitution Being Sought

NEW YORK (AP) — Unlimited substitution is being sought by many college football coaches for next season. There may be unlimited substitution among football forecasters, too, if last week's record isn't improved upon.

Hopefully, here are this week's picks:

Notre Dame over Iowa: Notre Dame has Huarte and Iowa has Snook, two of the season's best aerial artists, but Notre Dame also has a lot of others and Iowa doesn't.

Yale over Harvard: Chuck Mercein, the Yale fullback, is one of the best in the country.

Ohio State over Michigan: The Big Ten title and the Rose Bowl invitation hinge on this result with the Buckeyes favored despite Bob Timberlake.

Oregon State over Oregon: two of the season's surprise teams tangle with the Oregon Staters finding a way to stop Bob Berry.

Florida State over Florida: The Seminoles have the better line.

Kansas over Missouri: Annually one of the most rugged struggles of the year.

Arkansas over Texas Tech: Tech has the great Don Anderson but he won't be enough against the fierce Razorbacks from Arkansas.

Nebraska over Oklahoma: Providing the Huskers concentrate on the game and aren't dreaming about the Cotton Bowl game on New Year's day.

## Have Bad Start

### Grems Drop Cage Contest To Warsaw 'Cats 87-45

The Sacred Heart Gremlins, off to a bad start in the 1964 basketball season, lost another contest Tuesday night, this time to the Warsaw Wildcats, 87-45.

The first half saw the Wildcats ahead by a substantial margin, but the Gremlins fought hard to raise their own score in these quarters. For a while it looked as if Sacred Heart might take over in the second half and the cheers from fans urged them on.

The Gremlins just could not seem to click in the third stanza and they watched as Warsaw built up an insurmountable margin for them to tackle in the last period.

If the clock had held out, the Gremlins could probably have won, the way they got together and really dug for the points in the last period. In the last four minutes of play, Sacred Heart managed to fall victim to the Wildcats' free throws, but fought to raise their own score on field goals and free throws.

Bob Sherer took scoring honors for the Gremlins with 16 points, on eight field goals. Roger Pickard was high for the game and for Warsaw with 24 on ten field goals and four charity tosses.

In the "B" contest, Warsaw trounced the Gremlins, 51-27.

The Wildcats took the lead in the first and second quarters, holding a 25-point edge at the half. The third quarter saw both teams putting forth a vigorous effort to score, but the quarter ended with the Wildcats still ahead. In the fourth quarter, the Gremlins pulled up the score but to no avail.

Day led the way for the Wildcats with 18 hits. Burke was high for Gremlins with seven.

The only win of the evening came for the Gremlin girls volleyball team, 33-13, over the Wildcats. Teresa McGrath grabbed high point honors for Sacred Heart with nine Cobb and Lindsey shared high point honors for Warsaw with four each.

Score by quarters:

Warsaw 24 26 19 19—87

Sacred Heart 12 14 15—45

Individual scoring: Warsaw—Pickard, 24; Brandt, 9; Shephardson, 14; Johnson, 16; Brethous, 2; M. Barb, 12; R. Barb, 4; Barnes, 6. Sacred Heart—Maple, 5; Kruse, 8; Barr, 2; Downs, 3; Esser, 2; Scherer, 16; Brown, 2; Fischer, 2.

### Foursome Gets Together In Practice Round

LAFAYETTE, La. (AP) — While Arnold Palmer and Jack Nicklaus were studying the rolling contours of Oakbourne Country Club for their down-to-the-wire duel for the 1964 golfing money championship, a class reunion of sorts was going on in another foursome.

It was 1946 when Gardner Dickinson Jr. and Luca Barbato, host pro for the \$25,000 Cajun Classic golf tournament, began playing golf for Louisiana State University.

They got together again Tuesday in a practice round for the Cajun Classic and briefly relived the days when their LSU golf team—which also included Jay Hebert, who, like Gardner, is now one of the fixtures of the play-for-pay circuit—won two NCAA championships.

"That's been so long ago we'd like to forget what year it was," said Barbato, whose older brother, Mike, was coach of the LSU squad in those days.

Mike Barbato, now pro at a New Orleans country club, will also play in the Cajun Classic, which will have another brother act—Jay and Lionel Hebert, two regular members of the tour.

Only \$319 separate Palmer and Nicklaus in official earnings on the PGA circuit this year and the 24-year-old Nicklaus hopes to overhaul Palmer in the money derby.

Yogi Crosses Over Bridge To the Mets

NEW YORK (AP) — Old Yanks never die. They just become Mets. Yogi Berra is the latest to cross over the bridge, following in the footsteps of Casey Stengel and George Weiss.

Berra will be a coach under Stengel, his old boss. If he can get into shape in spring training, Yogi will be placed on the active list as a player-coach.

This badly kept secret became a fact Tuesday when the Mets made the announcement at a news conference. Weiss, the club president, and Berra were on hand. A special telephone hookup to Glendale, Calif., was set up to bring Manager Stengel's comments across the nation.

They even had a Met uniform for Yogi. Naturally, it had No. 8 on the back.

The publicity staff thought of everything. It even had a message from Chris Cannizzaro, the Mets' catcher who was the old No. 8. He bowed out in style, waiving his rights to No. 8 in a message from San Leandro, Calif.

Berra will be the highest-paid coach in baseball. And probably in football, too. He will get a reported \$40,000 from the Mets and \$25,000 from the Yanks in what Weiss described as "severance pay."

Yogi had made a more fortunate deal as a special field consultant after the Yanks fired him as manager the day after the World Series.

Under the terms of the Yankee contract, Yogi could take a job elsewhere and still get the \$25,000. Under those circumstances it almost pays to be fired.

"I am happy to be coming here," said Berra. "I'll do whatever Casey wants. I'm going to work out in spring training. I may play if I can. I did catch some batting practice last spring."

On the telephone hookup from California, Stengel was in his usual form.

"Very, very delighted to have you, Yogi," he said to the man he used to call his assistant manager. "I know you'll be very successful...I looked up your record and it took two pages...Don't get into many jams. I don't want you to go fight that fellow Clay."

In 18 years with the Yanks, Berra had a lifetime batting average of .285, hit more home runs than any catcher (313), and added 45 more as an outfielder for a total of 358. He played in 14 World Series and 15 All-Star games.

The Yanks made Berra a player-coach in 1963 and in 1964 he took over as manager when Ralph Houk moved up as general manager. He won the pennant but lost the series and was fired the next day.

5-Year-Old Killed In Auto Accident

KANSAS CITY (AP) — Five-year-old Pamela Newlan died of head injuries Tuesday night and became Kansas City's 80th traffic fatality of the year.

A car driven by her father, Virgil Newlan, 28, collided with another at Bannister Road and Harrison Street at the south edge of the city Monday. Newlan was reported in fair condition at a hospital.

Kansas City had 61 traffic deaths in the comparable period of 1963 and finished the year with 73.

THIS IS THE WAY—Ron Snidow, defensive end of the Washington Redskins, right, demonstrates the fierce determination and reckless abandon—not to mention body English—that goes into rushing the passer.

New NCAA Rule On Competition In Open Meets

KANSAS CITY (AP)—The National Collegiate Athletic Association put into effect today a rule that athletes at its 620 member schools may not compete this winter in open meets not sanctioned by the United States Track and Field Federation.

The policy was adopted by the NCAA council in New York on Nov. 4. Robert F. Ray of the University of Iowa, NCAA president, announced today it is in effect. It does not apply to this year's cross-country competition.

Attorney Seeks New Delay In Moving Braves

MILWAUKEE (AP) — Milwaukee attorney Francis J. Demet initiated an antitrust action in Federal Court Tuesday seeking to prohibit the Braves from moving to Atlanta until another major league franchise is obtained for Milwaukee.

Demet, who owns a small share of stock in the Braves but claims he represents 4,000 minority stockholders, called baseball a monopoly.

He asked U.S. District Judge Robert E. Tehan for permission to substitute a sweeping antitrust complaint for an earlier motion he filed to force the Braves to remain in Milwaukee through 1965.

No hearing date was set for Demet's petition.

The Braves, ordered by the National League to fulfill a contract and play in Milwaukee County Stadium next season until moving to Atlanta in 1966, said earlier Tuesday they would accept a circuit court injunction barring a transfer in 1965.

Demet asked a permanent injunction restraining the Braves "from transferring the assets and baseball franchise from Milwaukee until such time as a comparable major league franchise, with comparable major league assets, can be located in Milwaukee County Stadium."
